The background of the entire page is a close-up, high-angle shot of an elevator's mechanical components, including a metal car frame and various pulleys and cables. The lighting is dramatic, with strong highlights and deep shadows, creating a sense of industrial complexity.

# DELAWARE ELEVATOR RESIDENTIAL

Delaware Elevator, Inc. is a family-owned, full-service elevator company, established in 1946 with roots dating back to the early 1930's. Our corporate office is in Salisbury, Maryland with branch offices throughout the United States and sales representatives in MD, DE, VA, DC, PA, NC, SC, NY and throughout the state of Florida. Our widespread locations make it convenient to reach both our national and international clients. Our continued commitment to providing the best quality of products and services has made us one of the largest independent elevator companies in the nation.

Today, Delaware Elevator proudly serves in the areas of new construction, modernization, commercial elevators, residential elevators, specialty lifts, industrial hoists, and marine elevators. All of which are supported by our in-house manufacturing facilities, Delaware Elevator Manufacturing and IDEC Elevator Products, and our unparalleled service and maintenance division.

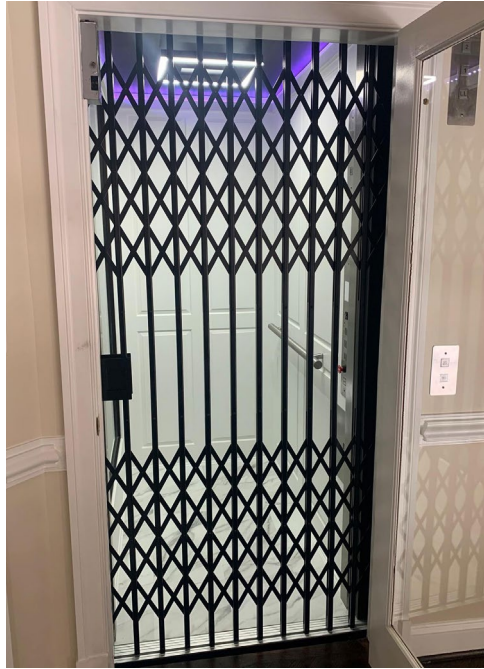

Our overall goal is to provide responsive service tailored to meet the individual needs of our valued clients and partners. We can confidently affirm that we are large enough to solve any challenge and small enough to provide personal care. We attribute over 75 years of success to our highly skilled employees, who promote safety and quality, which provides the utmost value to our customers. We welcome the opportunity to work with you on all your vertical transportation needs.
